## **REVIEWED PROVISIONAL UNAUDITED FINANCIAL STATEMENTS for year ended 30 June 2015 (the “financial statements”)**

### **DIRECTORS’ COMMENTARY**

#### **NATURE OF THE BUSINESS**

The Company was initially incorporated in Bermuda on 16 May 2012 as a Bermudian exempted company under the laws of Bermuda and has been operational since 1 June 2012. The Company was discontinued from Bermuda on 11 March 2015 and was registered by continuation in Mauritius as a public company limited by shares on the same day. It holds a Category One Global Business License as from 13 March 2015.

On 30 March 2015 the Company transferred its primary listing from the Bermuda Stock Exchange to the Stock Exchange of Mauritius Ltd (“SEM”). On 10 July 2015, the Company moved its secondary listing on the Alternative Exchange (or AltX) of the Johannesburg Stock Exchange (“JSE”) to a second primary listing on the main board of the JSE. The rationale for the migration was to attract a more diverse shareholder base and to increase the liquidity of the shares.

The Company and its subsidiaries (“Delta International” or “the Group”) has been significantly restructured since the change in ownership in May 2014. The Group has since embarked on a strategy of acquiring a portfolio of African real estate assets (excluding assets situated in South Africa) in furtherance of its objective of investing in real estate assets that will provide strong sustainable income from high quality tenants.

#### **CAPITAL STRUCTURE**

The capital structure of the Company increased significantly during the year. The two successful capital raises in July 2014 (issuing 43,254,376 shares, raising a net US\$86.51 million) and in April 2015 (issuing 26,354,444 shares, raising a net US\$38.89 million) and the other capital raises (issuing a total of 3,383,446 shares with net proceeds of US\$6.19 million) increased the total shares in issue from 664,180 shares in 2014 to 73,656,446 shares by the end of the 2015 financial year. The total increase in share capital after deducting share issue expenses of US\$4.48 million amounted to \$127.10 million from \$0.86 million in 2014.

The capital raise in April 2015 resulted in the Public Investment Corporation, the largest pension fund manager in Africa, acquiring 19,054,810 shares in the Company which represents 25.87% of the issued shares. Stanlib has also subsequently increased its shareholding to 9.01%

#### **STRATEGY**

The strategy for the Group (which is mandated by the board and is not expected to change once the new chief executive officer is appointed) remains to acquire assets that provide a sustainable income from high quality tenants across the African continent, while maintaining an accretive distribution over the long term. The company’s focus will remain solely on dollarised leases in stable economies.

The Group’s immediate focus will be to capitalise on its knowledge base by expanding within its current jurisdictions of Mozambique and Morocco. The current footprint and brand awareness in the existing jurisdictions has provided the Group with a large pipeline of assets, which will allow the Group to select the highest yielding assets that fall within the Group’s investment criteria. The Group will expand its property types to include the lucrative corporate accommodation in Mozambique.

Delta International’s next targeted jurisdiction will be Mauritius. The Group has already identified potential office buildings with strong counterparty tenants in Mauritius which are being considered for the latter part of the financial year.

In a bid to maximise shareholder returns by reducing tax leakage, the Group has entered into contracts that will place the Group in a position to convert the Moroccan structures to a REIT as soon as REIT legislation is promulgated. This is expected to take place in quarter three of the 2016 financial year.

The long term strategy for new jurisdictions will focus on East Africa where the economies have embraced REIT legislation.

## DISTRIBUTABLE EARNINGS AND COMMENTARY ON RESULTS

Following the maiden distribution of US\$6.636 cents per share for the first six months to December 2015, the final distribution for the last six months of the year will be US\$4.648 cents per share. The full year distribution will amount to US\$11.284 cents per share.

The distribution of the 2016 financial year is expected to show growth of 3% to 5% (this information has not been reviewed or audited by the company's auditors).

The operating expenses' resultant cost to income ratio for the year amounted to 24.98%, with this amount including a number of costs associated with bedding down the new asset acquisitions, including a provision for doubtful debts of US\$0.41 million in relation to historic arrears which arose prior to transfer of the Anfa Place Shopping Centre.

The loss for the year amounted to US\$0.65 million. This loss was largely due to the negative impact of the unrealised foreign exchange loss of US\$11.24 million. The bulk of this loss originates from the in-country revaluation of a US\$70.94 million shareholders loan to the Moroccan Dirham ("MAD") (being the functional currency of the Moroccan subsidiary). The loan has a term of ten years and as such, the loss is not expected to be realised in the short term. *See below for commentary on the performance of the Moroccan Dirham.*

The Group's loan to value ratio at the end of the year was 48.3%, marginally below the target of 50%. The difference is attributable to the unrealised exchange gain arising from the Moroccan Dirham based loans and the valuation increase of the investment properties.

The NAV per share at year end was US\$168.91 cents per share (or US\$169.75 cents per share excluding deferred tax). Currently the shares are trading at a discount to NAV of 32% based on the current JSE market price of ZAR16.25.

The current portion of interest-bearing borrowings of US\$91.17 million represents bridging facilities and accrued finance costs of US\$38.93 million related to Mozambique assets and vendor finance of US\$52.24 million related to the Anfa Place Mall in Morocco. The US\$38.93 million debt related to the Mozambique assets was settled using the proceeds from the new term loan with Standard Bank of South Africa Limited ("Standard Bank South Africa") on 22 July 2015 (for the capital portion) and cash flow from operations (for the accrued interest). The vendor finance of US\$52.24 million (which is denominated in MAD) matures on 25 January 2016. The Group has entered into a discussion with a number of financiers and is confident that it will secure long term funding before maturity.

## REVIEW OF OPERATIONS

During the year, the Group has successfully acquired three commercial properties in Maputo, Mozambique and one retail asset in Casablanca, Morocco. Before year end, the Group committed to purchase an additional retail centre, being the Zimpeto Square in Maputo, Mozambique. All assets acquired during the year were in line with investment criteria of sustainable income from high quality tenants.

### Summary of Acquisitions

Property	GLA m <sup>2</sup>	Purchase price	Grade	Acquisition yield	Acquisition date	Sector	Location
Anadarko Building	7,805	\$32.50 million	A+	10.03%	July 2014	Offices	Maputo, Mozambique
Anfa Place Mall	30,879	\$114.68 million	A	7.54%	July 2014	Retail	Casablanca, Morocco
Hollard Building	4,945	\$14.94 million	A	9.32%	April 2015	Offices	Maputo, Mozambique
Vodacom Building	10,660	\$49.00 million	A	6.63%	May 2015	Offices	Maputo, Mozambique

## Mozambique

The Anadarko Building is operating as expected and remains 100% occupied. The day to day management of the property has been bedded down and it is generating attractive returns on capital. The development of phase 2 of the Anadarko Building is expected to commence by the end of 2015. In addition to the net rental income to be generated on the leased building, the Group will share in the development fee without taking any development risk. The development fee is based on the Group's existing interest in the land. The development will be pre-committed with a long-term lease to Anadarko and will create favourable growth on forward returns for the Group.

The Hollard Building transferred to the Group on 28 April 2015. The handover process has run smoothly, with few material issues remaining by the reporting date. The building remains 100% occupied and the tenant lease rental collections have remained virtually unchanged over the transition period.

The Vodacom Building has been transferred to the Group on 22 May 2015. The later than anticipated capital raise in April 2015 and the knock on effect this had in obtaining the foreign loan approval from the Bank of Mozambique, for the new Standard Bank South Africa loan, required the Group to incur additional finance costs by raising bridging debt. The main debt facility was paid out on 22 July 2015, and the acquisition is expected to be fully bedded down by mid-August.

The current Mozambique GDP growth of 7.1% is primarily based on the natural gas discovery, which is the world's largest natural gas find in the last decade. The strong economic indicators have lead the Group's Mozambique assets maintaining a 100% occupancy level with limited tenant arrears.

## Morocco

Anfa Place Shopping Centre has performed well since being bedded down after a difficult handover period. Footfall has increased 13% year on year and vacancies in the main portion of the mall are down to 0.39%. The opening of MacDonald's completes a very strong tenant mix in the food court and is indicative of the Group's selective improvements in attracting exciting new brands to the existing line of top international brands. The Four Seasons hotel, adjacent to the street retail section within the precinct, opens in November 2015 and will allow further reductions to the 7.64% total vacancy rate. Arrears are monitored continuously with strong efforts on collections which are yielding positive results. The in-country centre management team will continue to enjoy the support of top marketing skills from South Africa involved in developing the centre's new marketing strategy.

Historically the MAD has been a stable currency against the United States Dollar ("USD"). The MAD is a managed currency based on a basket of currencies historically consisting of an 80% weighting of the Euro and 20% of the USD. In reaction to the performance of the Euro in 2015, the Moroccan authorities took a proactive approach by reweighting the currency to 60% Euro and 40% USD.

From 1 July 2014 to 30 June 2015, the USD gained c.20% in value against the Euro. Due to the fact that the MAD is managed as per the high weighting to the Euro, this translates into the USD making significant value gains against the MAD (c.17% since 1 July 2015).

Although the MAD has lost significant value against the USD since 1 July 2014, this is linked to the poor performance of the Euro rather than any underlying issues within the Moroccan economy, which still provides a strong investment case. The MAD has strengthened against the USD in recent weeks and through continued strengthening will see USD earnings on Anfa Place increase in the same manner.

## CHANGES TO THE BOARD

On 14 April 2015 the Company announced that Gideon Louis Schnetler, Delta International's chief executive officer and a director of the Company, had tendered his resignation due to unforeseen personal reasons. With immediate effect, Bronwyn Corbett, a director of Delta Property Fund and a material shareholder in her own right has been appointed as chief executive officer.

On 1 July 2015, Leon van de Moortele replaced Greg Booyens as the Chief Financial Officer. The new chief financial officer brings a wealth of knowledge gained from practical experience across the African continent, which together with the appointment of the acting chief executive officer will provide sufficient capacity to continue the Group's growth strategy. Greg Booyens has been appointed as the Chief Financial Officer of Delta Property Fund Limited, a 30% shareholder of Delta International, but will remain as an executive director of the Company for the immediate future.

Although Paul Simpson resigned as a director, he continues to form part of senior management with a specific focus on the Moroccan asset while contribution to the overall group strategy.

## SUBSEQUENT EVENTS

On 15 July 2015, the Group concluded the loan agreement for the funding of the Hollard and Vodacom buildings in Maputo, Mozambique with Standard Bank South Africa for an amount of US\$38.00 million. The loan has a term of three years and is priced at three month Libor plus 5.40%. The proceeds of the loan will be utilised to settle the current bridging facilities of US\$24.30 million from Standard Bank Mozambique and US\$14.00 million from Standard Bank South Africa.

On 9 July 2015, following the latest capital raise of 2,645,556 shares on 30 June 2015, the Group finalised the Promissory Purchase and Sale Agreement for the purchase of Zimpeto Square (with 4,764sqm of GLA) for US\$10.70 million. The Group placed a deposit of US\$4.50 million with the sellers on 15 July 2015. The balance of the purchase price will be financed by Nedbank Limited in South Africa with terms currently under negotiation.

## Notes

### 1. Basis of preparation and accounting policy

The condensed consolidated financial statements are prepared in accordance with the requirements of the JSE Listings Requirements for provisional reports and the requirements of the requirements of the Mauritian Companies Act 2001. The Listings Requirements require provisional reports to be prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards (IFRS) and the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by Financial Reporting Standards Council and to also, as a minimum, contain the information required by IAS 34 Interim Financial Reporting. The accounting policies applied in the preparation of the condensed consolidated financial statements are in terms of IFRS and are consistent with those applied in the previous consolidated annual financial statements.

The reviewed accounts are issued following the board meeting approving the distribution for the final full year distribution.

This report has been compiled under the supervision of Leon van de Moortele CA(SA), the Chief Financial Officer of Delta International.

Delta International has complied with IFRS and JSE and SEM Listings Requirements by disclosing earnings and headline earnings per share. Headline earnings includes fair value adjustments for financial instruments and the straight line rental income accrual which does not affect distributable earnings.
